HUZAIFA ASIF

web developer

About Me

I am a passionate Web Developer with strong skills in HTML, CSS, JavaScript, PHP, and MySQL. I specialize in creating responsive, user-friendly, and visually appealing websites that provide a smooth experience on all devices.
I love turning ideas into functional web applications and continuously improving my skills to stay up-to-date with modern web technologies.

EXPERIENCE

Nweb Solution Web Developer July 2023 - Present (1 year 6 months) Pakistan

At Nweb Solution, I work as a Web Developer where I develop clean, responsive, and functional websites based on client requirements.
My key responsibilities include:

- Creating modern front-end layouts using HTML, CSS, and JavaScript
- Working with PHP and MySQL for dynamic and data-driven features
- Enhancing website speed, design, and user experience
- Fixing bugs and improving overall website functionality
- Collaborating with designers and developers for better project results

This role has helped me gain practical experience in real-world web development and strengthened my ability to build high-quality websites.

EDUCATION

Memon Industrial and Technical Institute High School Diploma, Computer Software Engineering · (September 2024 - September 2027)
